| CT4-5FR | 4in x 50ft | Fringe Edge - Roll |
| CT4-DW | 4in x 50yd | Finished Edge - Roll |
| CT4-FR | 4in x 50yd | Fringe Edge - Roll |

DESIGNED
FOR O&P

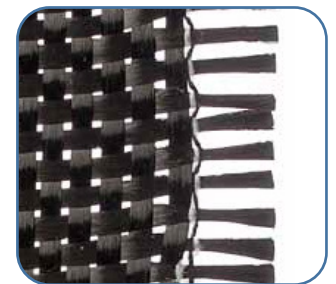

EXTREMELY LIGHT & INCREDIBLY STRONG

Fabtech Ultra-lite™ carbon tapes are custom made to our exact specifications, and specifically designed for use when additional reinforcement layers are needed in prosthetic and orthotic device designs and the thinnest build up in layers is required. This material specification when combined with RESTECH+ Advanced Epoxy yields an incredibly strong device.
